# Call for volunteers

## ESOF2022 | Leiden | 13-16 July

# Who are we looking for?

We are looking for **volunteers** to support our organisation at the **10<sup>th</sup> EuroScience Open Forum (ESOF)**, which will take place in Leiden | 13-16 July 2022.

- **Students**, who are interested in multidisciplinary science and innovation in Europe;
- **Hospitality and events industry students**, who will be able to gain an exceptional experience of working on an international, high profile event;
- **Community members with curious minds (schools, companies, associations, etc.)**, who want to contribute to Europe's biggest multidisciplinary and prestigious science conference;
- **Inhabitants of the city of Leiden and its surroundings**, who love the city and are willing to give our delegates the real Leiden experience.

---

# What do we offer?

---

Our **Volunteers Programme** is based on a 50% time involvement basis. You volunteer 50% of your time (half day) to the conference and in exchange you get the other 50% of the conference for free – you can attend all sessions, meet peers and leaders, network and experience an international conference. In addition we provide you with:

- Exclusive, conference T-shirt(s);
- Incidentals to cover your public transport per each working day
- A lunch box (one per shift);
- A certificate of attendance;
- Access to all sessions and workshops;
- Free access to the online forum;
- Some TLC and our sincere appreciation.

# Why should you be a volunteer during ESOF2022?

---

The **10<sup>th</sup> ESOF2022** event offers you the unique opportunity to make a contribution to the city of Leiden and its community. It also guarantees an insider's view on being part of a high profile international event.

Our aim is to help our volunteers to gain useful (job) experience and satisfaction and meet new (like minded) people as well as leading experts within the world of science.

Lastly it offers a unique chance to develop your personal skills and maybe even strengthen your CV.

## Skills of a volunteer:

**People skills**, ability to work in **changing conditions** and environments, proactivity, **open-mindedness**, multitasking, good customer service skills, **English speaking**, a city of Leiden lover, enthusiasm and **”get it done” attitude.**

But also **easy-going manner**, energetic, upbeat personality and

**Strong work ethic**; willingness and ability to perform all duties required.

# *The work that has to be done*

Some examples of support given by a volunteer are:

- Registration support
- Workshoproom support
- Delegate support
- Poster sessions support
- Exhibition support
- Speaker room support
- Media Centre support

If you want to apply...

Please send us an Email via:
